- How do you create one?
- How can you measure its effectiveness?
- How can you continually improve it?

Come join ASSP's Mid-Michigan Chapter and see how to establish and elevate your safety culture. One of Greater Detroit's most influential members, Karly St. Aubin, will take you on a journey to dig deep into your own safety culture – leave with ideas, suggestions, and proven techniques to **MAKE YOUR SAFETY CULTURE ROCK!**

Karly St. Aubin, GSP, is a Sr. EHS Specialist at Rivian, supporting operations at 11 service centers on the East Coast. She holds a B.S. in Environmental Health and Safety from Oakland University and is currently pursuing a M.S. in Safety Management. She holds certifications as a Radiation Safety Officer, licensed Machine Safety Specialist, and Class A/B UST Operator. St. Aubin was awarded an ASSP Impact Scholarship, as well as The President's Award for her scholarship and volunteer work with the ASSP Foundation. Additionally, she is the Secretary for the ASSP Greater Detroit Chapter and Board Member for the Michigan Safety Conference, ASSP Foundation Next Generation Board, and Oakland University Industry Advisory Board.
